World Mental Health Day Celebration (2020)

3 Days International e-Conference

on

"PROMOTION OF MENTAL HEALTH FOR ALL: NEED OF THE HOUR"

09 to 11, October, 2020

About the e-Conference:

World Mental Health Day, a programme of the World Federation for Mental Health, was observed for the first time on 10 October 1992. Today, the world is experiencing the unprecedented impact of the current global health emergency due to COVID-19 that has also impacted on the mental health of millions of people. We know that the levels of anxiety, fear, isolation, social distancing and restrictions, uncertainty and emotional distress experienced have become widespread as the world struggles to bring the virus under control and to find solutions.

Mental health is a human right – it's the time that mental health is available for all. Quality, accessible primary health care is the foundation for universal health coverage and is urgently required as the world grapples with the current health emergency. We therefore, need to make mental health a reality for all – for everyone, everywhere. For this reason, it is of great significance and importance to organize such kind of e-conference at international level to aware people more and more about how to take care of their mental health.

Activities during these three days programme are as follow:

- 08 Invited Lectures and 04 Special Lectures by eminent professional, academicians across the Globe.
- 6 Scientific Sessions for Paper Presentation (Around 100 Scientific Paper Presentation)

Event: ART OF LIVING PROGRAM

Venue: V.B.S Purvanchal University Jaunpur

Date: 16-08-2018 to 18-08-2018

Resource Person: Dr Anurag Singh, Uttar Pradesh youth program coordinator & Mrs Niharika Srivastava

Number of Participants: 128

Program Module: Program on Art of Living was gives to the students for 3 days for Sudarshan kriya and related yoga and Breathing aspects. Demonstrate and trained the student under lot of pressure and tension which the students enjoyed to full.

Art of Living's Uttar Pradesh youth program coordinator Anurag Singh said that no reason is needed to be happy in life. Happiness is our nature, we do not bring happiness from outside, it is present within us. We should be happy regardless of the situation.

He said these things on Saturday in the ongoing Student Excellence Learning Program at the Engineering Institute of Veer Bahadur Singh Purvanchal University. He said that we have linked our happiness with the fulfillment of desires, on the fulfillment of which we are happy and when a desire is fulfilled, the mind becomes sad again. The person who is always happy always creates with positivity. He said that whatever work we do, we should do it with full enthusiasm. Half-hearted work does not bring real satisfaction.

Art of Living expert Niharika told engineering students about Sudarshan Kriya. He said that harmony can be established in body, mind and emotions by Sudarshan Kriya. Along with this, he told the sources of concentration and living life in a stress-free way. He said that we get distracted by listening to other's words and are not able to do what we really want to do. We should listen to our inner voice and move forward in the direction of what is right. In this sequence, National Faculty of Art of Living, Anoop also taught the art of living to the students. Students from various departments of the Institute of Engineering participated in the workshop.
